DRAUGHT PROOF YOUR HOME FOR FREE

AND SAVE ON YOUR ELECTRICITY BILLS

Basic draught-proofing - removable chimney seals, extractor fan vents, and door sealing - are free and easy energy-saving solutions that can be quickly installed at NO COST to you!

The products and installation are completely free.

Without basic draught-proofing, homes will have cold draught and heat loss during winter. And this works in reverse in the summer months, with cooled air from air-con escaping. It's a bit like leaving a big window permanently open.
